Introduction to **Team Red**

- Team Red is a group of young dynamic enthusiasts driven together by the purpose of social work and aimed at driving positive social changes in the society.
- J&K Based Registered Trust with more than 100 Core Members & 300 Active Volunteers.
- Team constitutes of skilled men & women, working efficiently over - 'Health Concerns', 'Sports & Fitness Upliftment activities', 'Environmental Concerns', 'Donation Drives', 'Relief Operations' 'Educational Concerns', 'Orphan & Oldaged Concerns', 'Upliftment of Women & Children'.
- Hive of young Doctors, Teachers, Engineers, Entrepreneurs, Corporate Employees, Students, working hand-in-hand to reach team targets.

Mission & Vision of Team Red

Mission:

- To drive a social change in J&K where youth take up social work at basic levels.

Vision:

- To Make J&K Drug-Free in coming years
- To Promote Sports & Fitness behavior in the society.
- To Provide basic life commodities like Ration, Blankets, Clothes, Utensils to the people in need.
- To Extend support to Orphans, Widows, geriatric people with disabilities, victims of calamities
- To work on issues concerning Environment.
- To work for social & economical upliftment of Women & Children
- To organize Medical Camps, so that quality health-care delivery is made easy.
- To add support in Education system in Rural Areas

Achievements Of **Team Red**

Since inception the Team has achieved incredible.

01

Continuing to promote Health, Fitness & Sports through our yearly “Fit-November” campaign and “Free Health-Medical Checkups”

02

Continuing to promote importance of Environmental Cleanliness & organising yearly Plantation Drives during the “**World Environmental Week**”

03

Continuing to keep the hearts warm through our yearly “**Blanket Donation Drives**”.

04

Continuing to provide “**Ramadan Ration Kits**” during the holy month of Ramadan.

05

Continuing to extend support to the Nation through our “**Relief Work**” be it Kerala floods, continuous relief operations for misfortunate events such as fire incidents or Covid19 pandemic

*Our work has inspired
many youngsters to join
us in our endeavours*

Sports & Fitness Events

- We at Red, are keen to promote all kinds of sports activities with a belief that only Sports & Games help in the development of active lifestyle and keep youth away from bad indulgences such as "Drug-Abuse".
- Our yearly "Fit November" Event is our Star event, laying special emphasis on importance of active behavior in lazy winter, and how the moth of drug-addiction eats up the society.
- This event is a physical representation of how Sports & Games help to refresh dull minds, coupe-up with stressful life conditions and keep youngsters away from worms of drug addiction.
- Team members along with several 100 participants take part in games and mind activities like Arm-wrestling, Dead-lifting, Frogjumps, Cross-fit, Power-lift, Self-defense for Women and many more such games.

Health Concerns

- Our Health Wing believes in provision of comprehensive healthcare to the people in need, in our little way.
- Team has been active in organizing Health-camps, Medical-camps, Blood donation camps, Drug de-addiction camps to aid the healthcare providers of the state.
- Working hand-in-hand, Team has crossed several benchmarks and is still working hard to achieve goals of delivering good healthcare in the upper reaches or Rural areas where Hospital is a dream.
- We at Red, worked meticulously in Covid-19 Pandemic by providing Oxygen-Concentrators, Nebulizers, Pulse-oximeters, Tele-consultation, Counselling-sessions, Physiotherapy and Rehab session all throughout the Pandemic.
- Health Wing under the mentorship of Dr. Ashiq Rashid (SMO W.H.O. Kashmir & Ladakh) who voluntarily works with the team has brought laurels in the field and helped achieve many milestones which otherwise would have been a dream.
- Group of Doctors from the Team work hand-in-hand on special noted days such as:- 'World Health Day', 'Cancer Awareness Month', 'World Leprosy Day' To deliver information to general public on such issues

Yearly Blanket Distribution Drives

- One of the most satisfying season for us at Team Red is 'winter' because team in winter remains all ears to the problems concerning the needy and formulate ways to help them out.
- One of the known and imperative events of the team include Yearly Blanket Donation Drive.
- Warmth just like Air, Water & Shelter is something very basic for the winter in Kashmir.
- But unfortunately, due to less resources & poverty many families fail to arrange a basic thing as a blanket in winter
- At Red, we locate the needy households, provide them with warmest possible blankets and in return get lots of noble praises
- Taking in loop the Govt. hospitals where patients from far flung areas come in emergency conditions without any necessary commodities with them, we as an organization ensure deliveries of blankets in the emergencies of various Govt. Hospitals so that at the 11th hour, no patient or attendant suffers.
- This drive is a part of our **#MakeSomeoneSmileThisWinter** initiative

Yearly Ration Distribution

Every year in Ramadan our team allocates the underprivileged and needy households who suffer a lot due to poverty in this holy month of the year.

However, our team with a very quick and worthy survey based mechanism makes a list of such households and provides them with a “Ramadan Ration Kit” consisting of several items that help them float for several days during this Holy month

MakeSomeoneSmileThisRamadan

Relief **Work**

We are proud that our NGO has not just worked in the local domain but it has bought laurels even at National levels.

Be it Relief Operations during Kerala Floods in August 2018 themed “From Heaven on Earth to God’s own Country” or “The Shaking Covid-19 Pandemic”. Team Red has worked effortlessly leaving no stone unturned and helping people in all those calamities

From aiding people whose houses have been damaged through disasters to providing relief to “Fire Victims”, Team Red runs like a machine.

Environmental Concerns

One of the important days to celebrate with Team Red is on 5th of June which marks “The World Environment Day”.

As a Non-Governmental Organization, we understand our role towards promotion of Environmental Cleanliness and standing against all forms of Pollution that in one way or the other try to kill our planet.

We at Red, in view of such noted days, collaborate with various stakeholders like SDRF, NDRF, other NGO's working on Environment and carry out big Environmental Cleanliness Drives and Awareness Programs.

Recently at Red, a very brainy initiative was undertaken which was plead to use Eco-Friendly plant-able pens & pencils. Keeping in mind, that we have no other planet to bank on, Team Red organizes Awareness Marathons themed “Run for Pollution-Free Kashmir”.

COVID-19 Pandemic

As Covid-19 was a major crash in terms of all basic and above basic needs of people.

Deaths, Debilities, Disabilities were the most heard things during this pandemic, However, we at Team Red burned candles at both the ends and made provision to provide- Healthcare resources, Food resources, Life support resources to the people in need.

From providing Oxygen-Concentrators, Nebulization-Machines, Pulse-Oximetres, to the patients in need to supplying balanced diets to patients in Hospitals, Team Red run through a buzz saw and left no stone unturned to help the Nation during this major breakdown.

UPLIFTMENT OF WOMEN & CHILDREN (WOMEN'S WING)

In today's world where 'men & women' are just two different genders and not any hot debatable topics of women being less or men being more.

We at Red believe in ensuring that the women in the society are equally respected, accepted and dealt with in the society.

However, many unfortunate incidents happening in the society such as- Dowry deaths, Violence against women, Rapes, etc. led us to form a team of learned and strong women who work by creating awareness on such ignite issues, thus equipping the minds of women on methods to deal with such situations.

Student's Wing

Students are the pivots of our organization.

Our Organization has been sowing the seeds of social work in young minds right from their school times.

The engagement and active role of children in Team Red is a very important sign of our success in reaching our goals

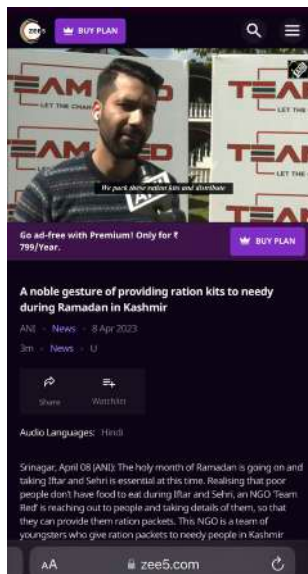

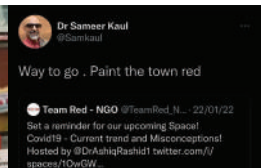

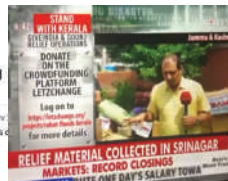

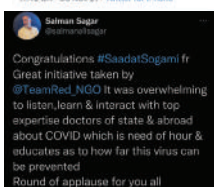

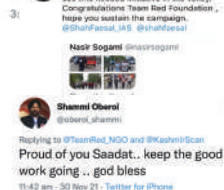

Impact of Team Red

- Influencing, Impressing, Inviting other youngsters to join us.
- Golden recognitions, bundles of praise and a lot more onboard.
- Ever lasting impression on the minds of fellow youth, driving them to join the team in their full spirits.
- Social work from basic levels, from as little as donating a small blanket to a social reform of bigger extent.
- Merrier to share the applaud from prominent politicians, journalists, bureaucrats, doctors & prominent citizens of the society.

#SaadatNasirWani explains about the activities of @TeamRed_NGO and his Team of dedicated colleagues.

Future of Team Red

- Pulling the arrows of smile, wider. So that every face looks merry and content.
- Continuing to set up 'Multi Speciality Health Camps', whilst reaching the far flung areas of the valley.
- Specialised CPR trainings to our members is on cards.
- Continuing to Keep running the winter “Blanket Donation Drives”.
- Throwing more light on Women Health & Hygiene, and supplying free sanitary pads to women in rural areas.
- Youngsters on grounds with footballs & hockey sticks promoting our motto of “Fit & Healthy lifestyle”.
- More education to youth about the drug-menace and the way in which it is sinking-in the society.
- People going to bed peacefully, food on someones plate or a smile on someones face, huge volunteer base, a club of torch-bearers. Dreams unfolding to realities, is where we see us in coming years.

ADDING FEATHERS TO OUR CAP

Appreciation is recognition, hence we at Red on yearly basis conduct a felicitation ceremony so as to mark the important roles played by each member tirelessly.

As a matter of fact, we at Team Red on this big day invite prominent social personalities for the felicitation of our worthy members.
